CIRCULAR

As per the directions of the HOD-Department of CSE, the department PROJECT REVIEW COMMITTEE for the academic year 2023-24 is constituted with the following members:

S.No	Name of the Faculty	Designation	Responsibility
1	M.S.R.S PRASAD	Associate Professor	HOD
2	P.RADHIKA KRUPALINI	Assistant Professor	Project Coordinator
3	R.V V G LAKSHIMI	Assistant Professor	Member
4	S. JYOTHIRMAYEE	Assistant Professor	Member
5.	R.S.V.V.PRASAD RAO	Assistant Professor	Member
6.	M.V.V CHOWDARY	Assistant Professor	Member
7.	P.USHA VISWESWARI	Assistant Professor	Member

The Project Review Committee is responsible for the following duties:

1. To form project batches
2. To assign Project guides and student coordinators for all batches.
3. To conduct timely project reviews.
4. Preparation of Project Reports.
5. Finalization of Internal and External Marks as per the University guidelines.

Guidelines to the Students for Project Review Meeting (PRM)

1. All the students have to maintain a note book for project work.
2. The students should write notes on project work, review and research articles in project work note book.
3. The students of project team have to collect the literature on project work from International and National journals and should submit to project committee on the day of presentation.
4. The project team has to prepare power-point on project work and should present it with their respective guides in Project Review Meeting.
5. The presence of guide and all the students in a project team is mandatory to PRM's.
6. The project work is evaluated for 50 marks. Internal evaluation is for 20 marks and external evaluation for 30 marks.
7. The order of presentation is according to the batch numbers.
8. The time allotted for each batch is 15 minutes.
9. All the members of a project team should be thoroughly prepared for power point presentation.
10. If any project team fails to present the project review as per schedule, one mark will be deducted from the respective PRM evaluation.

Department of Computer Science & Engineering

GUIDELINES FOR POWER POINT PREPARATION

The power-point must be prepared in the following order

1. Title Page

This section should include title of project topic, name of the presenter with Regd. No., name of the guide and college address.

2. Contents

List out the contents of the project presentation

3. Introduction

This section should include a brief introduction stating the purpose of the investigation.

4. Aim

This section should include aim of the project work

5. Objective(s)

This section should include objectives of the project work and list out the objectives of work point wise.

6. Plan of Work

Describe briefly the plan of work to complete the project work

7. Literature Review

The literature survey related to the study to similar previous research. Only information essential to the arguments should be presented.

8. Experimental Methods

◆The main methods used should be briefly described with references.

◆New methods or substantially modified methods may be described in sufficient detail.

Department of Computer Science & Engineering

9. Results & Discussion

- The results should be concisely presented. Tables and figures should be designed to maximize the comprehension of the experimental data.
- Tables, Graphs and figures (Illustrations) should have appropriate numbers and titles with an explanatory heading.
- The interpreted results should be explained clearly in discussions with the support of relevant literature. Unsupported hypothesis should be avoided.

10. Conclusion

- The power-point can end with brief conclusions.
- The explanation should relate them to the existing knowledge in the respective fields as clearly as possible.

11. References

References must be listed at the end of power point and numbered in the order that they appear in the power point. The citations for references should be indicated with super script numbers in brackets in order of appearance in the power point.
