6.1.1 The governance of the institution is reflective of and in tune with the vision and mission of the institution

Response:

Vision:

To emerge as a premier institution for technical education through academic excellence and to be recognized as a centre for excellence in research & development, catering to the needs of our country.

Mission:

- To realize a strong institution by consistently maintaining state-of-art infrastructure.
- Building a cohesive, world-class team.
- Provide need-based technical education, research, and development through enhanced industry interaction.

Reflection of Vision and Mission in Governance:

The Ideal Institute of Technology's leadership actively embodies the organization's vision and objectives. The principal oversees daily operations, encouraging student punctuality and discipline. Faculty prioritize value-based education, ensuring students receive timely, high-quality instruction.

Reflection in Perspective Plans:

The principal implements strategic decisions for development, guided by a clear perspective plan from the Governing Body. Department heads ensure faculty adherence to the curriculum through ongoing collaboration. Teachers prepare students for the workforce from their first semester while instilling a sense of morality and ethics aligned with the Institute's vision.

Reflection in Teaching Fraternity:

The principal, management, and governing body review and incorporate viable recommendations into the institution's strategic plan.
