POLICY DOCUMENT FOR PERSONS WITH DISABILITIES

Ideal Institute of Technology takes utmost care in providing the needed amenities and creates an environment of inclusive education for students with disabilities.

Objectives of the policy:

1. Conducting classes and discussions through interactive electronic or other media.
2. Create Awareness among the masses through television, radio and other mass media on the courses.
3. Provide facilities for training to the staff at the primary health centre.
4. Providing every student with disability free of cost special books and equipments needed for his education.

Disability:

Disability is the consequence of an impairment that may be physical, cognitive, sensory, emotional, developmental or some combination of these. A disability may be present from birth or occur during a person's life time. Ideal Institute of Technology has constituted a specialized committee for people with disabilities which will be responsible in preparing, executing and amending policy and guidelines for persons with disabilities.

The major functions of this committee for persons with disabilities include:

- To identify all disability related issues in the campus.
- Identify needs, expressing views on priorities.
- To determine major grievances pertaining to any matter of persons with disabilities and send it to higher authorities.

Sponsored by

GOVERNING BODY OF IDEAL COLLEGE OF ARTS AND SCIENCES, KAKINADA.

Accessibility:

The institution has a coordinated system for offering students with disabilities tools that meets their needs. Providing access means making all the services, Activities, and fully available to qualified people with disabilities. Materials for students with disabilities come from a variety of sources and methods by using coaching, presentations, webinars, briefs and book studies.

The following Accessibility facilities are provided to students with disabilities:

- Assuring that the buildings, toilets, laboratories, libraries etc. are barrier free and accessible for all types of differently disabled persons.
- Ensuring inclusion and effectiveness in the participation of differently abled student's in curricular, co-curricular and extra curricular activities.
- Adopting suitable medium and method of teaching for the differently abled students.
- Providing assistance to the students in the learning process apart from regular class hours.
- Providing education and training resources /materials in an accessible format.
- Providing assistance or facility needed in taking up examinations.
- Providing information brochure on the facilities available in the campus.
- Permitting the students with disabilities to use their own personal assistant devices in the campus.
- Updating the facilities available for differently abled in the campus.
- Ensuring that students with differently abled have equal opportunities for sports and games.
