PLACEMENT CELL ANNUAL REPORT A:Y-2019-2020

The Placement Cell of Ideal Institute of Technology works round the year to provide placements to the Students. It fills in as a connection point between the students and the Cooperates. We plan to welcome organizations from different fields to create scope of open doors accessible for the students, everything being equal.

The Placement Cell has had one more productive year of arrangements and internships as a few standard as well as new organizations visited the grounds for the enrolment drive.

We have had many organizations coming to Ideal Institute of Technology but because of the COVID pandemic, a portion of the organizations dropped, while others set a limit on their enlistment drive. Although there is a shortfall with the count of visiting companies, we saw an enormous flood in the pay for students organizations like BigWorks, TCS, Infosys, McAfee, Woosu, Wonjin etc.,
